Norfolk Island Kiwi Care Tour September 2008

On September 28th we departed Auckland International for a glorious week on Norfolk Island. (Note to ourselves- **NEVER** leave the day daylight savings starts, ever again!) Our group of 12 hailed from all over New Zealand, Whangarei all the way down to Dunedin.

Norfolk turned on her charms, only 1 day with showers, other than that the weather suited the mood of the group, friendly and convivial.

The itinerary was packed with a variety of tours and activities including re-enactment dinners; some beautiful gardens, Helen

Reddy's amongst them; visiting the historical ruins and the cemetery at Kingston; the truly memorable cliff top breakfast; Saint Barnabus Church; and the Tahitian show where one of our own – Mervyn – was crowned King of the Night!

Some things just happened by chance -we enjoyed watching how they unloaded a cargo ship without port facilities. It does make you wonder how many cars there are at the bottom of the harbour!

Our wonder nurse, Debbie, was kept busy for the week but the only accident she had to deal with was when

a woman from another tour party was injured. We're glad we happened to be there to help.

When we launched our Kiwi Care product last year, we did so because events in our own family made us acutely aware that personal circumstances have made travel difficult for some. The inclusion of a nurse in the tour party, a caring attitude and a willingness to go the extra mile to deal with wheelchairs and walking aides seemed 'radical' to many in the industry. We're really pleased that the success of this trip justified our vision – many more wonderful tours to come!

Thanks to our TERRIFIC TEN.

About Our Organization

Many years of dealing with inbound tours of New Zealand, led husband and wife team Mike and Nicola Painter, to form Kiwi Travel and Tours Ltd. Our aim? To be very customer focused; and to actively promote New Zealand as the idyllic travel destination that it is. Not for us the downright nasty, whirlwind tours so often sold to our Chinese and Korean neighbours. We aimed to ensure that our clients went home with glowing recommendations about the country and our company.

We expanded to include other South Pacific destinations for our inbound groups, families and individuals. Last year we introduced Kiwi Escorted Tours out of New Zealand, including the Kiwi Care Escorted Tours product, which includes a registered nurse in each departing tour. What's next? Watch this space!
